OH State School Board Fails Again to Protect Children

From Ohio Value Voters:
At yesterday's State Board of Education meeting, the radical members failed to support board member Brendan Shea's resolution in opposition to Biden's federal mandates to Title IX. The mandates will put biological boys in girls' sports, restrooms, and locker rooms. Instead, Board President Charlotte McGuire submitted a substitute resolution which eliminated most of the provisions of the Shea resolution.

Ohio Value Voters reported last week that in an extremely well-written letter, [State Attorney General Dave Yost wrote to the Biden administration](#), challenging his radical Title IX mandates. Ohio Value Voters e-mailed this letter and comments of Attorney General Yost to all State Board of Education members. However, the McGuire watered-down substitute resolution ignores the top law enforcement official in the State of Ohio, Dave Yost.

Board Member Tim Miller, who at the previous board meeting made the motion to send the resolution to committee and is running to retain his seat on the state board, stated, "I would scrap this whole (Brendan Shea) resolution 100%... it's terrible". Ohio Value Voters has endorsed and urges voters to elect **Cierra Lynch Shehorn on November 8th**. Tim Miller is a misguided individual that should not serve in this position. At yesterday's meeting, Board Member Brendan Shea spoke on behalf of his resolution [WATCH below] Ohio Value Voters President, John Stover states, "I urge the State Board to bring out the Shea resolution for a vote. Members should be required to either support or vote against this resolution. Voters in the state have a right to know. The political maneuvering by some board members to table the Shea resolution is appalling."
